

Slitting - 5m Slitting & Table Slitting

5m Slitter

Features

- ★ Designed for slitting extra wide format substrate
- ★ Stable base, double roller structure with linkage chain design, easy to use
- ★ High quality rotary blade

Specifications

Model	ES-320
Cutting Width	5200mm
Max Diameter	280mm
Blade Diameter	320mm
Working Voltage	220V
Power	2500W
Packaging Size - 1	3100*675*450mm
Packaging Size - 2	840*340*430mm
Gross Weight	117KG

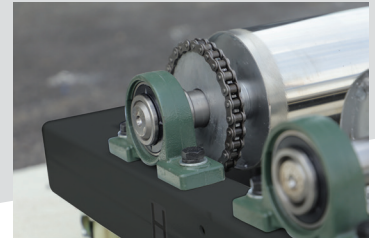

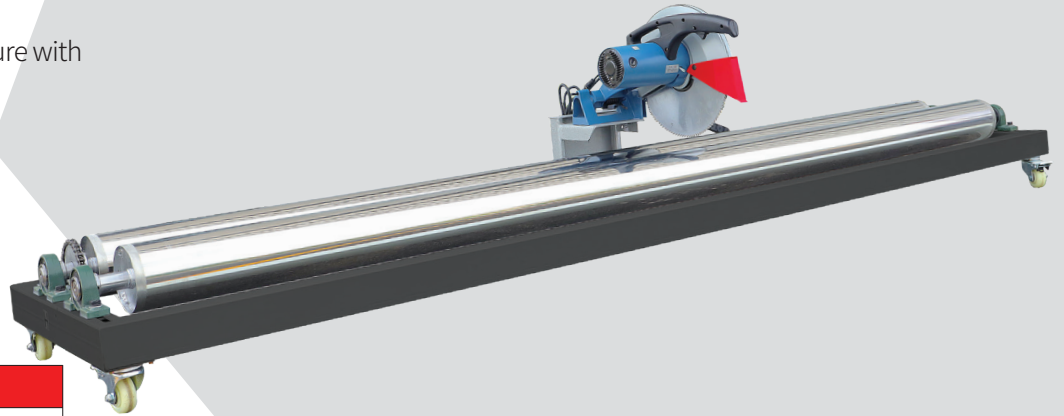

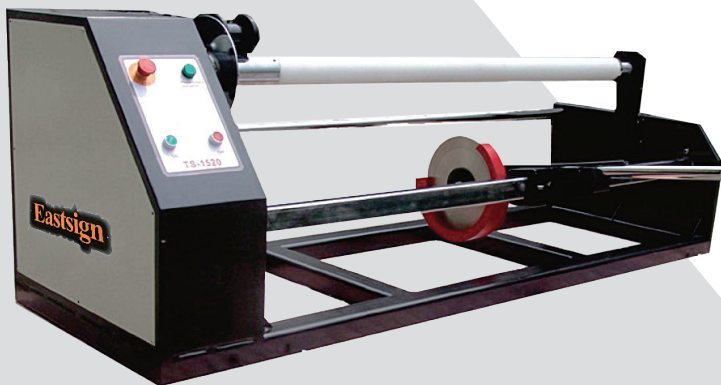

Table Slitter

Features

- ★ Good for Slitting Vinyl Banner, SAV, Adhesive Tape, Reflective Sheeting
- ★ Expanding Shaft Fixes Roll Material on the Shaft Firmly, Avoiding Damage of the Material
- ★ Shaft Available in 2" or 3"

Specifications

Model	TS-1520
Weight	185kg(408lb)
Max Cutting Width	1520mm(60")
Max Diameter of Blade	250mm(10")
Max Cutting Diameter	200mm(8")
Core Diameter	76.2mm(3")/50.8mm(2")
Power Supply	0.75KW, AC110/220V, 50/60HZ
Rotary Speed	140 rpm
Max Weight of Material	300kg or 661lb
Machine Size	2330mm*560mm*600mm 92" * 22" * 24"
