

Overlamine - BOPP Film

Applications

- ★ High - clarity, abrasion - resistant BOPP - base film designed
- ★ for high speed double - side and single - side laminating
- ★ Ideal low cost comparing to traditional PVC cold lamination film
- ★ Matte application preferred

Features

- ★ Waterproof & UV - resistant & Anti - acid
- ★ No shrinking & strong adhesion
- ★ Enhancing ink durability and sharpening images
- ★ High transparency & clearance, minimizing silcering
- ★ Best temperature range for application: 40°C - 50°C

- ★ Ideal low cost comparing to traditional PVC cold lamination film

- ★ Waterproof & UV - resistant & Anti - acid
- ★ No shrinking & strong adhesion
- ★ Enhancing ink durability and sharpening images
